PROPERTIES:

Silicasec Capsules keep foodstuffs free from humidity safely, comfortably and cleanly. The desiccant product is safely kept in the capsule avoiding contact with other products. It is an approved solution for use with food. Silicasec are orange coloured tablets. When they turn white they are saturated with humidity and cease to be effective. Absorption capacity 20-50% HR 23°.

STORAGE:

Keep in a cool dry place. Avoid temperatures above 150°

REVISION DATE:

July 2010
